Desiccant Applications

i053_0918

Industrial units for Bottling Applications

DE401-M04 Series

No loose desiccant; change the cartridge in seconds with no tools. Features built in 1 micron dust filter. Housing includes indicator assembly.

Dimensions (WxH: inches)

DE401-M04	1/2" 25 scfm at 100 psi -40°F Dew Point Desiccant Dryer	6 ¾ x 16 ½
DE401-M06	3/4" 25 scfm at 100 psi -40°F Dew Point Desiccant Dryer	7 x 17 ⅛
DE401-M08	1" 25 scfm at 100 psi -40°F Dew Point Desiccant Dryer	7 ⅝ x 17 ⅛

DE-350 low profile desiccant dryer with poly bowl available. Contact factory for info.

E-4000 Series

No loose desiccant; change the cartridge in seconds with no tools. Pre-filter removes water/dirt/oil and odor. Desiccant features built in 1 micron final dust filter. Best selling product for dew point sensitive applications. Feature regulator with gauge and bracket.

Dimensions (WxH: inches)

E4000-2	1/4" 25 scfm at 100 psi -40°F Dew Point Desiccant Dryer	16 x 18 ¾
E4000-3	3/8" 25 scfm at 100 psi -40°F Dew Point Desiccant Dryer	16 x 18 ¾
E4000-4	1/2" scfm at 100 psi -40°F Dew Point Desiccant Dryer	16 x 18 ¾

DRAD Series

Self regenerating twin tower desiccant dryer. Dew point suppression to -40°F while maintaining 3% of less relative humidity. For use in labs, cold rooms, and spray finishing.

Dimensions (WxH: inches)

DRAD-4	4 scfm Regenerative Desiccant Air Dryer -40°F Dew Point	20 ½ x 9 ½
DRAD-8	8 scfm Regenerative Desiccant Air Dryer -40°F Dew Point	27 9/16 x 9 ¾
DRAD-15	15 scfm Regenerative Desiccant Air Dryer -40°F Dew Point	44 ⅞ x 9 ¾
DRAD-25	25 scfm Regenerative Desiccant Air Dryer -40°F Dew Point	50 ⅞ x 10 ½

Note: Max inlet temp: 120°F. Max inlet pressure: 100psi. 110 VAC with 5' power cord. -100°F dew point available. Please call for more information as well as info about larger/higher flow units or spraying applications.
